Agile

Epic Link:	As a user I want to have an 'Admin' module.

Description

Preconditions: you are logged in the application → https://opensource-demo.orangehrmlive.com/web/index.php/auth/login and there is at least one user added in the PIM module as an employee.

Test Step	Test Data	Expected Result
1. Click on the 'Admin' module.		The 'User Management' page should be opened.
2. Click on the '+ Add' buton.		The 'Add User' page should be opened.
3. Select a value from the 'User Role' dropdown.	Admin	The selected value should be displayed in the field.
4. Type a random valid character in the 'Employee Name' text box and select a random value from the list.		The selected value should be displayed in the text box.
5. Select a value from the 'Status' dropdown.	Enabled	The selected value should be displayed in the field.
6. Type a valid value in the 'Username' text box.		The value should be displayed in the text box.
7. Type a valid value in the 'Password' text box.	Aa1234567#	The value should be displayed in the text box in a masked state.
8. Type the value again in the 'Confirm Password' text box.	Aa1234567#	The value should be displayed in the text box in a masked state.
9. Click on the 'Save' button.		A 'Successfully saved' notification should be displayed on the page and the system user should be added.

Epic Link:	As a user I want to have an 'Admin' module.

Description

Preconditions: you are logged in the application → https://opensource-demo.orangehrmlive.com/web/index.php/auth/login and you have at least 2 system users added.

Test Step	Test Data	Expected Result
1. Click on the 'Admin' module.		The 'User Management' page should be opened.
2. From the 'Records Found' section, click on the text box beside any 2 or more system users.		The system users should be selected. A 'Records Selected' count should be displayed at the top of the section.
3. Click on the 'Delete Selected' button.		A pop-up saying 'The selected record will be permanently deleted. Are you sure you want to continue?' should be displayed.
4. Click on the 'Yes, Delete' button.		A 'Successfully Deleted' notification should be displayed and the system users should be deleted.

Agile

Epic Link:	As a user I want to have an 'Admin' module.

Description

Preconditions: you are logged in the application → https://opensource-demo.orangehrmlive.com/web/index.php/auth/login and you have at least 1 job title added.

Test Step	Test Data	Expected Result
1. Click on the 'Admin' module.		The 'User Management' page should be opened.
2. Click on the 'Job' menu and select 'Job Titles' from the submenu.		The 'Job Titles' page should be opened.
3. Click on the 'Trash' icon on one job title.		A pop-up saying 'The selected record will be permanently deleted. Are you sure you want to continue?' should be displayed.
4. Click on the 'Yes, Delete' button.		A 'Successfully Deleted' notification should be displayed and the system users should be deleted.
